Education - Background

- ❖ **B.A. in Economics** from **Cornell University** in Ithaca, New York — 2017 - 2020
(minor in Information Science)
- ❖ **Certifications:**
 - Adobe Certified Expert:** Adobe Analytics Business Practitioner(AD0-E208)
 - Microsoft Certified Associate:** Data Analyst with Power BI (DA-100)
 - Google Analytics Individual Qualification (GAIQ)**
 - Microsoft Certified:** Azure Fundamentals (AZ-900)

Skills & Strengths

- ❖ **Data Engineering, Programming:** Proficient in joining large datasets, working with complex ETLs among disparate sources in platforms like DOMO, Power BI as well as conducting queries with SQL and performing quality audits, facilitating data migration & implementation of analytics solutions; long familiar with HTML+CSS, JavaScript/Python in the context of development & data capture
- ❖ **Media Analytics & Marketing Reporting:** Experienced in the development of media forecasting, regression & mean-based performance views like Z-score; well versed in using platforms like Adobe/Google Analytics & FB Ads to provide campaign insights, inform digital business strategy via workspace reports, scheduled deliverables, ad-hoc analyses
- ❖ **Business Intelligence:** Adept at using tools such as DOMO, Power BI, Excel, and BusinessObjects to build dashboards, forecast & visualize financial/media trends, and support data-driven decision-making with advanced analytics across areas of business
- ❖ **Portuguese, Latin:** Deep background in studying Latin (reading & writing mainly), and a native Portuguese speaker!

Experience

- ❖ **UnitedHealth Group:** *Manager / Business Analyst* – 1/2023-Present
Developed and maintained cross-platform media reporting, constructing complex datasets and various new performance dashboards to enable optimization of marketing campaigns across new channels and business units; held weekly meetings with stakeholders to ensure data quality and timeliness in ongoing projects; rebuilt & delivered weekly reporting structure for leadership to have a constant view of campaign results; integrated a range of partners and outside sources based on campaign needs

Experience (cont.)

❖ **UnitedHealth Group:** *Digital Media Operations Specialist* – 9/2021-12/2022

Stood up and automated digital media reporting by connecting datasets across platforms such as Google/Facebook/Tableau within DOMO, enabled campaign tracking via unique IDs with construction of a data encyclopedia; developed datasets for media forecasting, advanced analytics views of performance such as Z-score; regularly took on ad-hoc analyses and report building for insights on campaigns across channels & lines of business

❖ **Marriott Vacations Worldwide:** *Customer Insights Coordinator* – 1/2021-8/2021

Supported online business and marketing operations by building scheduled reports & dashboards, conducting ad-hoc analyses of campaign & product performance and user behavior, and formulating product requirements for Adobe Analytics tracking as well as coordinating + debugging web/mobile implementations
